**Subject:** Appropriation 3, 2017

Council,

I apologize for any confusion at last week's meeting regarding Appropriation 3, 2017. Upon researching the authorized transfer of money in the 257 Special LOIT Fund, the appropriation before the Council is accurate and valid, in its present form, to facilitate payment for the Margaret Avenue project. The only additional step that will be required is for the Controller's Office to reclassify the previously made expenditure from EDIT to 257 Services Contractual.

In short, Appropriation 3, 2017 will not require any changes and should be considered at your next meeting. Please let me know if you have any questions.

Best,

Darrell "Eddie" Felling II  
City Attorney  
City of Terre Haute Legal Department  
812-244-2373
